

華住集團有限公司公布2020年第二季度酒店經營初步業績

16/07/2020

SHANGHAI, China, July 16, 2020 (GLOBE NEWSWIRE) -- Huazhu Group Limited (NASDAQ: HTHT) ("Huazhu", "we" or "our"), a world-leading hotel group, today announced preliminary results for hotel operations in the second quarter ended June 30, 2020.

COVID-19 Impact in Q2 2020

The recovery continued in Q2 2020, with our occupancy rate improving steadily from March through mid-June. Since June 11, 2020, however, there were new COVID-19 cases discovered in Beijing. Beijing reinstated strict travel restrictions to curb the spread of COVID-19 once again. Since then, our occupancy rate in Beijing and its nearby cities and provinces, such as Tianjin and Hebei, was affected. Since early July, with the containment of mini outbreak of COVID-19 in Beijing, our occupancy rate in China gradually improved once again, reaching more than 80% by mid-July. As China kept COVID-19 largely under control, 97% hotels resumed operation in Q2 2020. As of June 30, 2020, Huazhu had 139 hotels under governmental requisition, compared to 374 as of March 31, 2020.

Deutsche Hospitality ("DH") has been affected since the outbreak of COVID-19 in Europe since early March. At the end of March 2020, 74% or 85 of hotels of DH hotels were temporarily closed. With the containment of the pandemic, Germany and some European countries started to stop land border checks and remove travel restrictions, and the lodging industry in Europe started to recover. As of June 30, 2020, 21% or 24 of hotels of DH hotels were temporarily closed, including 5 leased hotels and 19 manachised and franchised hotels.

In the second quarter of 2020, Huazhu expects net revenues to decline 32% to 34% year-over-year or 35% to 37% if excluding the addition of Deutsche Hospitality.
